

Consultant Cyber Security (m/w/d)

Join Ten4 Consulting GmbH:

A Vanguard in Cybersecurity Transformation

Location: Wiesbaden, Germany

Division: ten4 Digital

At Ten4 Consulting GmbH, we're more than just a consultancy; we are the architects of transformative cybersecurity solutions for globally active corporations. We specialize in crafting extensive cybersecurity transformations, implementing innovative security processes and technologies, and guiding corporations through intricate digital transitions. We are looking for dedicated professionals to expand our team of over 60 consultants and a robust network of specialized partners, delivering high-impact solutions in Cybersecurity and AI.

OPPORTUNITIES AWAIT:

- **Lead Transformative Projects:** Design and manage comprehensive cybersecurity transformations.
- **Innovate in Cybersecurity:** Develop and deploy cutting-edge cybersecurity processes and technologies, including intrusion detection, patch management, and network protection.
- **Tailor Solutions:** Conceptualize and design custom solutions, develop operational models, and plan transformation strategies.
- **Engage with Clients:** Take responsibility for specific project segments, coordinate with partners, and create high-quality communication materials.
- **Measure Success:** Support the evaluation of project success and conduct workshops to ensure effective outcomes.

Consultant Cyber Security (m/w/d)

WHY CHOOSE TEN4?

- **Dynamic and Diverse:** Thrive in a varied work setting with major international clients, fostering a collegial atmosphere with flat hierarchies.
- **Creative Autonomy:** Enjoy the freedom to inject your creativity into diverse and challenging projects.
- **Remote Flexibility:** Benefit from our flexible working arrangements, including comprehensive remote work options.
- **Competitive Compensation:** Receive attractive payment coupled with opportunities for professional and personal growth through our mentoring programs and training budgets.

WE'RE LOOKING FOR:

- **Educational Background:** A degree in Computer Science, Business Informatics, Engineering, or a related field; experience is prioritized over specific degrees.
- **Cybersecurity Passion:** High affinity for digital topics and preferably experience in cybersecurity consulting.
- **Project Management Skills:** Knowledge of common consulting and project management methodologies.
- **Collaborative Spirit:** Enjoy collaborating with people from diverse professions and cultures.
- **Continuous Development:** Eager to take on responsibility and continuously develop your skills in new areas.
- **Language Skills:** Fluency in German and English is essential.
- **Technical Skills:** Proficiency with Microsoft products like Excel, Word, and PowerPoint; experience with cybersecurity systems and tools like Microsoft Azure is highly beneficial.

READY TO TRANSFORM THE FUTURE? Apply now and be a part of our dynamic team that is reshaping industries. Submit your application in German or English and let's innovate together!
